

The hunt will begin Monday  
click the map to start!

#SuicidePrevention21

Hint - I feature  
as one of the  
questions!

# SCAVENGER HUNT

Join the Scavenger Hunt hosted by Suicide Prevention Australia!

We have created a virtual scavenger hunt that will have questions about the content throughout the symposium and encourages you to get involved! It will be held in conjunction with the portal gamification so with a sweet prize up for grabs there's no better reason to check back in and download your Scavenger Hunt Map!

## HOW DOES IT WORK?

- Anyone who doesn't work for Suicide Prevention Australia can play
- There will be questions and tasks that all have a certain amount of points allocated to them. Easier items will have lower points and harder items will have higher points awarded for completion. You're able to complete the items of your choice.
- We decided to combine gamification as well as a scavenger hunt to make it more fun and mix it up a little!
- You can see the 10 individuals in the lead for gamification, this will give you a guide on who's winning (however please note this leaderboard does not include the points awarded for the scavenger hunt).
- The scavenger hunt will close at 2pm on Thursday so please have all your answers in by then!
- The winner will be announced on the last day. We will require their postal address to be able to send the prize.
- If you have any questions you can visit Rachael at the Suicide Prevention Australia Membership booth or email me at [membership@suicidepreventionaust.org](mailto:membership@suicidepreventionaust.org)
