#NSPC24

Tuesday 30 April – Thursday 2 May 2024
Adelaide Convention Centre, Adelaide, South Australia

Now in its twenty-fifth year, you're invited to be part of one of Australia's most important events on the suicide prevention calendar.

Since 1999, the National Suicide Prevention Conference has established itself as the leading event within the suicide prevention sector. The event presents a unique opportunity to bring the brightest minds together and latest thinking to promote excellence in suicide prevention. This event aims to unite suicide prevention experts to showcase evidence-based solutions and robust discussion, focused on saving lives.

Suicide Prevention Australia is the peak body for suicide prevention and hosts this annual event. We have over 400 members representing more than 140,000 workers, staff and volunteers across Australia. The event will enable delegates to hear from keynote speakers, national and international leaders, participate in workshops and collaborate with peers.

EVENT DETAILS

Dates: Tuesday 30 April to Thursday 2 May 2024

Venue: Adelaide Convention Centre, Adelaide, South Australia

Theme: "Collective Courage. Accelerate Impact"

The 2024 National Suicide Prevention Conference theme, 'Collective Courage. Accelerate Impact', aims to empower attendees to take meaningful action, understand the real impact of their work, and contribute to collective efforts in suicide prevention.

The theme highlights the importance of collective action, measuring impact, learning from inspiring speakers, and providing support for initiatives to prevent suicide. We are stronger together, and united we can create meaningful change.

CONFERENCE OBJECTIVES:

- Increase sector commitment to participate in a collaborative approach to suicide prevention
- Enhance community participation in suicide prevention activities
- Expand the translation of research in suicide prevention
- Facilitate the continuation and development of quality, evidence-based suicide prevention initiatives

While it's a long journey, it's conferences like these that will help to reduce the number of lives lost to suicide. Tragically, over 3,000 people die by suicide each year and in the past 12 months over 55,000 people attempted suicide. It's important to remember that every life lost to suicide is heartbreaking. Every statistic represents a life lost and a cascade of grief amongst family, friends, schools, workplaces and community groups.

Suicide Prevention Australia - the national peak body

We provide a collective voice for service providers, practitioners, researchers, local collaboratives, and people with lived experience. More than 3,000 people tragically die by suicide and an estimated 55,000 people attempt suicide each year. Our shared vision is a world without suicide and with our members, we work to inform through data and evidence; influence systemic changes that drive down suicide rates and build capability and capacity.
